

ENVIRONMENTAL POLICY STATEMENT

Icarus Electrical & Solar Ltd accepts its responsibilities in environmental matters and recognises that good environmental management must be an integral and fundamental part of our business. Although we believe that we have a minimal impact on the environment, Icarus Electrical & Solar Ltd aims to continue to improve its environmental performance by:

- Complying with the requirements of all environmental legislation.
- Assessing the environmental effects of all business operations.
- Raise awareness, encourage participation and train employees.
- Expecting similar environmental standards from all suppliers and contractors.
- Actively promoting recycling internally to our staff and externally to our customers and suppliers.
- Conserving natural resources through increased energy efficiency and better water management.
- Managing waste and avoiding the use of hazardous substances.
- Implementing the use of recycled materials where appropriate.
- Preventing and reducing pollution by implementing efficient control procedures to monitor and manage materials and processes that impact on the environment.
- Making our Environmental Policy publicly available to interested parties.
- Continually seeking to improve environmental performance.
- Monitoring progress and review performance annually.

Delivering our operational plans within this policy will enable Icarus Electrical & Solar Ltd to develop sustainable practices and deliver meaningful contributions to the quality of our environment.
